

Draw your own National Book Tokens gift card for Father's Day!

Tips

Draw your design in the rectangle - fill the whole space as much as possible!

Don't put anything important (e.g. writing) in the top left corner (as this is where our logo will go!)

If you want to take a photo of the design (rather than scan it), take it directly above the paper so it's not wonky

Upload the design to our website, order your personalised gift, and we'll print and send it to you!
