Changing your password for BT Transactions via Web Applications

Click – 'Change Password' button

Enter new password details – (making sure to use a mix of upper and lower case letters and numbers and a minimum of 8 characters) – then click the 'Change Password' button

Screen now shows your password has been updated – please clear the the password field if pre-populated and enter your new password.

If you do get an invalid login screen - simply clear/delete the entry and type in your new password

Once the field is clear - Input your new password
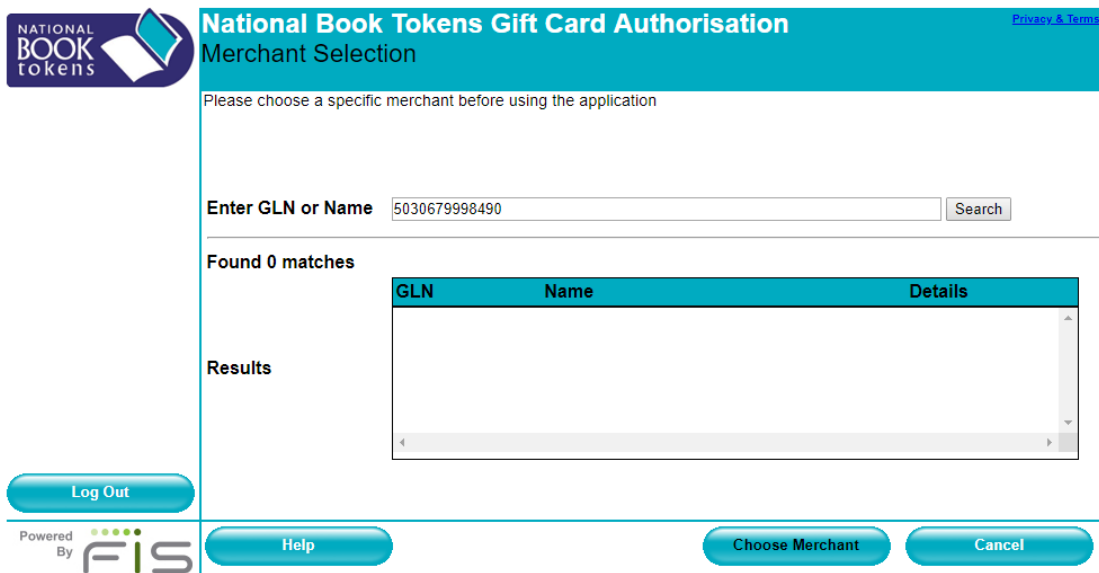

You will then be ready to begin your transactions
